

# Meeting Notes

---

## Key Matters Discussed and Presented

### WELCOME AND INTRODUCTIONS

1. Welcome and introduction by Independent Chair
2. Review previous meeting notes - questions and comments
  - i. The link to the notes and the agenda for this meeting is not working
    - The meeting agendas are not published on the website, however the notes from the meeting are available.

### UPDATE ON PROJECT CONSTRUCTION SURFACE WORK – NORTHERN VENTILATION OUTLET, M1 PACIFIC MOTORWAY WIDENING AND SOUTHBOUND BRIDGE, PEARCES CORNER AND HORNSBY QUARRY

1. The CIG viewed a whole of project time-lapse video from the period between August to October and drone footage of the Southern Compound, Wilson Road Compound, Trelawney Street Compound, Pioneer Ave car park, Northern Compound, Pearces Corner, Bareena Avenue, the Northern Ventilation Outlet, M1 Pacific Motorway Widening and Hornsby Quarry and a time-lapse video of M1 Road Bridge (near Pearces Corner).
2. Presentation on project construction surface work – Northern Ventilation outlet, M1 Pacific Motorway widening and southbound bridge, Pearces Corner and Hornsby Quarry by the Operations Director
3. Questions and Comments
  - i. What is the depth of Cockle Creek?
    - The depth of Cockle Creek is between 0.5m – 1m, depending on rainfall
  - ii. Is the plexiglass on the corner of Pennant Hills Road permanent?
    - Yes.
  - iii. A comment was made that plexiglass attracts graffiti
    - The project is aware of the risk of graffiti
  - iv. What is the purpose of the plexiglass
    - Plexiglass is used to retain sightlines and avoid overshadowing
  - v. Does the plexiglass affect pedestrian access to Hewitt Street from Pennant Hills Road?
  - vi. No. A gap in the plexiglass provides pedestrian access from the walkway from Pennant Hills Road to the Hewitt Avenue footpath.

## **PRESENTATION ON UPDATE ON TUNNELING – NORTHERN INTERCHANGE COMPOUND AND TRELAWNEY STREET COMPOUND**

1. Update on tunneling – Northern Interchange compound and Trelawney Street compound by the Tunnel Construction Director
2. Questions and Comments
  - i. What spoil is currently going to fill Hornsby Quarry?
    - The majority of spoil is from tunneling, but spoil also comes from the project's civil sites
  - ii. How much spoil will go into Hornsby Quarry?
    - About 1 million banked cubic meters (BCM)
  - iii. What will be the final height of Hornsby Quarry when it is full?
    - The project will fill about one third of Hornsby Quarry.
    - Approximately 300,000 BCM spoil has gone into Hornsby Quarry to date.
    - More information on Hornsby Park are available at:  
<http://hornsbypark.com.au/>

## **PRESENTATION ON COMMUNITY COMMUNICATIONS UPDATE**

1. Presentation on Community communications update by Director of Community and Stakeholder Engagement
2. Questions and Comments
  - i. When will the community hear the results of their feedback on Stage two of the UDLP from the consultation in September 2017?
    - Early next year the community will hear the results of their feedback on Stage Two of the UDLP.
  - ii. The CIG watched an animation on the tunnelling process.
    - This will be available on the NorthConnex website when the animation is finalised.
  - iii. What is the planned Christmas shutdown period?
    - Construction shutdown will be from Saturday 23 December to Tuesday 2 January.
    - Only maintenance work will be carried out during the shutdown period.
    - Haulage to Hornsby Quarry will stop on Saturday 23 December and resume on Tuesday 2 January.

**OTHER MATTERS RAISED BY CIG MEMBERS**

- 1. Questions and comments
  - iv. Comment was made thanking LLBJV for providing clear and transparent information.

**PROPOSED DATES FOR 2018**

- 5 March – Possible site visit TBC
- 4 June
- 27 August
- 19 November

**Meeting closed at: 8:13pm**

**ACTION PLAN:**

<b>Item</b>	<b>Actions Arising</b>	<b>Timeframe</b>
<b>1</b>	LLBJV to check link and access to CIG Meeting Notes on the NorthConnex website	Before next meeting
<b>2</b>	LLBJV to advise when the Tunnel Building Animation is available on the NorthConnex website. IC to email link to CIG.	When available
<b>7</b>	LLBJV to register IC to receive copies of the construction report. IC will email the construction report to CIG members when made available.	On-going
<b>9</b>	CIG Committee Members to advise IC if there are any key events that they want to be identified or tracked against in the look ahead of impacts.	CIG members to advise IC of any events before each meeting. On-going.

These minutes are taken live and have been accepted on 29 November 2017.

**Stephen Lancken**  
Independent Chair
