

## Pollution Incident Response Management Plan Summary

### Pollution Incidents

Under Part 5.7 of the *Protection of the Environment Operations Act 1997* there is a duty to notify each relevant authority (identified below) of a pollution incident where material harm to the environment is caused or threatened. Material harm includes actual or potential harm to the health or safety of human beings or to ecosystems that is not trivial or that result in actual or potential loss or property damage of an amount over \$10,000.

It does not matter that harm to the environment is caused only in the premises where the pollution incident occurs.

### Relevant authorities contact details:

Organisation	Name	Information	Phone Number
Police, Fire, Ambulance	Call first if incident presents immediate threat to human health or property		000
EPA		Pollution Hotline	131 555
Fire & Rescue NSW			1300 729 579
NSW Health	General number to connect you to your local Public Health Unit		1300 066 055
	Hornsby	After hours: 9477 9123	9477 9400
	Parramatta	After hours: 9845 5555	9840 3603

### Additional incident support entities contact details:

Organisation	Name	Information	Phone Number
SES	NSW State Emergency Services		132 5000
Local Council	Hornsby Shire Council		9847 6666
	Ku-ring-gai Council		9424 0000
	The Hills Shire Council		9843 0555
Electricity	Energy Australia		131 388
	Endeavour Energy		131 003
	Essential Energy		132 080

	Ausgrid		131 388
Water	Sydney Water	Faults & Leaks	132 090
Gas	AGL/Jemena	Gas network	131 909
	Jemena	Eastern Gas Pipeline	1800 620 492
Hazardous Waste Contractor	Transpacific	Emergency Spills	1800 774 557
Poisons		Poisons Information Service	131 126
WIRES	Native animal rescues	(volunteer based organisation)	1300 094 737

### Community Notifications

Early warnings for affected or potentially affected community members for any pollution incident will be communicated to those members in consultation with relevant authorities. The means of communication will vary based on the size and severity of the pollution incident.

In the event that community notification is required the following actions, in consultation with relevant authorities, are planned to be carried out where appropriate and safe to do so by the Lendlease Bouygues Joint Venture (LLBJV) Community Relations team:

- provide notification either via telephone, email, letterbox drop, and/or via door knocks, radio, and road/motorway variable message signage as required in consultation with relevant authorities;
- The notification may also include recommended actions that the community member can take to prevent or minimise harm as required in consultation with relevant authorities; and
- Follow up notifications via face to face or telephone advice, email updates, project website updates; variable message signs on roadways and radio communications as required in consultation with relevant authorities.

In such an event the LLBJV Project Director will provide all the necessary assistance to the incident controller including the provision of access to the Projects community notification tools.
