Day and night work: installation of permanent electronic message sign on Carlingford Road, Epping

Dear resident

From **Sunday 27 August 2017**, work to install a permanent electronic message sign will continue just west of the corner of Carlingford Road and Hermington Street outside 137 Carlingford Road. This work will be carried out in stages and is expected to be completed by October 2017.

Work will include:

- > trenching work for power and telecommunications
- > installing sign footings including drilling and pouring of concrete
- > installing a control cabinet
- > installing the electronic message sign
- > building a new concrete barrier and general concrete works
- > backfilling and restoring the road surface, footpath and verge at the completion of the work
- > connection and testing.

Plant and equipment for this work includes saws, hand held drills, jackhammers, excavators, dump trucks, compaction equipment, vacuum trucks, cranes, piling equipment, concrete trucks, lighting towers and generators.

To minimise impact on traffic and to ensure the safety of workers and motorists, the majority of work will be carried out at night **between 9pm and 5am Sunday to Friday**. We will notify impacted residents in advance of work occurring. Where possible, some work will be done during standard construction hours between 7am and 6pm Monday to Friday and between 8am and 1pm Saturday.

You may experience increased noise during some of these activities and we will make every effort to minimise impact by:

- > turning off machinery when not in use
- > using non-tonal reversing beepers on all machinery
- > parking away from homes
- > noise monitoring to ensure compliance with noise limits
- > scheduling work to take place no more than two nights in a row and limiting work to no more than three nights in one week at the same location
- > ensuring that lighting is directed away from residences as much as practicable
- > coordinating respite for residents most affected by noise.

BUILDING OUR FUTURE

Transurban

Temporary traffic changes

Partial lane closures will be required and traffic will be maintained in both directions under stop/slow traffic control. Traffic management will be in place when work is carried out to ensure the safety of motorists, residents and workers. This will include temporary diversions of the footpath in the immediate vicinity of the work.

Please allow extra travel time and visit livetraffic.com, download the Live Traffic App or call the Transport Management Centre 132 701 for the latest information.

We thank you for your patience, and if you have any questions or complaints, please call us on **1800 997 057**, email enquiries@northconnex.com.au or visit the NorthConnex Community Information Centre at 118 Yarrara Road, Pennant Hills, open Monday to Wednesday from 9am to 1pm.

Yours sincerely,

NorthConnex Project Team

 **Sign location: Carlingford Road, Epping**
