

27 March 2017

Ref: N0163

Temporary intermittent closures of the footpath between Woonona Avenue and Benson Close, Wahroonga

Dear resident,

As part of the M1 Pacific Motorway widening, work is continuing to relocate services and piling work is starting to build the retaining wall to support the permanent noise barrier between Woonona Avenue and Benson Close, Wahroonga. A map of the work area is included.

This work will be carried out during standard construction hours between 7am and 6pm Monday to Friday and between 8am and 1pm on Saturday. Our work may be noisy but we will do everything we can to minimise its impact by carrying out quieter alternative methods where possible.

To ensure the safety of pedestrians and workers in the restricted space, the pedestrian footpath between the Woonona Avenue and Benson Close cul-de-sacs will be closed intermittently for up to a week during day time between Wednesday 29 March and late July 2017, subject to weather and ground conditions.

Pedestrians will be notified of the closures by signage. Access to properties will be maintained at all times.

Temporary pedestrian diversions will be in place via Fern Avenue, Bundarra Avenue and Alexandria Parade, Wahroonga. If you travel along this route, please allow extra travel time and follow the directions of traffic controllers and signage.

Ausgrid may need to arrange planned interruptions to electricity supply to a small number of properties during this time. Residents will receive further targeted notifications from Ausgrid regarding electrical work closer to the date.

If you have any questions or complaints, or would like to register for SMS updates on the closures, please contact us via 1800 997 057, enquiries@northconnex.com.au or visit the NorthConnex Community Information Centre at 118 Yarrara Road, Pennant Hills, open Monday to Wednesday, from 9am to 1pm.

Yours sincerely
