Night work: M1 Pacific Motorway widening, Wahroonga

Dear resident

As part of the ongoing work to widen the M1 Pacific Motorway, work to build the northbound tunnel exit ramp, southbound tunnel entry ramp, northern ventilation outlet and noise walls will start at Wahroonga from **Wednesday 4 January 2017**.

This work will be carried out on the M1 and adjacent to the motorway between Alexandria Parade Bridge and 700 metres north of Edgeworth David Avenue, Wahroonga. A map of the area is attached.

Generally, this work will be carried out during standard construction hours between 7am and 6pm Monday to Friday and 8am and 1pm on Saturdays however to ensure the safety of motorists and workers, some of this work will be carried out at night.

Night work will be carried out between 9pm and 5am Sunday to Friday. There will be no work carried out on Saturday nights. We will notify directly impacted residents before the start of night work. Workers and vehicles will access the Junction Road construction compound 24 hours a day.

This work will include:

- > Installing temporary barriers and line marking to provide a safe working area
- > Removing existing noise walls and installing temporary and permanent noise walls to reduce the noise impacts
- > Tree trimming, tree and vegetation removal along the shoulders of the motorway and behind the existing noise walls
- > Demolition, excavation and earthworks
- > Relocating and installing services including water, drainage and electrical
- > Piling work including excavating, pouring concrete, trimming piles, drilling anchors and backfilling
- > Installing soil nails (ground supports) and shotcreting
- > Concreting, asphaltting and saw cutting

- > Installing signs and landscaping
- > Maintenance and inspection activities.

Plant and equipment for this work includes cranes, excavators, piling rigs, tunnel boring machines, surface profilers, heavy and light vehicles, lighting towers, generators, scaffold, rattle guns, hammer drills, grinders, chainsaws, mulchers, rollers, bob cats, concrete trucks, street sweepers, water carts and pumps, elevated work platforms, concrete saws and pumps, core drills, line marking and removal plant, and hand tools.

You will experience noise during some of these activities and we will make every effort to minimise impact by:

- > Scheduling noisy work to take place no more than two nights in a row and limiting noisy work to no more than three nights in one week at the same location
- > Consulting with directly affected residents
- > Providing respite for residents most affected by noise
- > Using non-tonal reversing beepers on all machinery
- > Turning off equipment and vehicles when not in use
- > Using solar-powered lighting towers
- > Directing noise generating equipment away from residential properties where possible.

Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers.

Please allow extra travel time and visit livetraffic.com, download Live Travel App or call the Transport Management Centre 132 701 for the latest information. Access will be maintained for motorists at all times.

If you have any questions or complaints, please don't hesitate to call us on 1800 997 057 (24 hours), email enquiries@northconnex.com.au or visit the NorthConnex Community Information Centre at 118 Yarrara Road, Pennant Hills, open weekdays, 9am to 5pm.

Yours sincerely

NorthConnex Project Team

Location of work: M1 Pacific Motorway, Wahroonga
