## Night work: Permanent electronic message sign on Beecroft Road, Beecroft

Dear Resident,

Permanent electronic message signs have been installed as part of the NorthConnex project. The signs provide road users with up-to-date information on traffic conditions and planned and unplanned incidents and events.

We will be working at the sign on Pennant Hills Road southbound, near Albert Avenue, **between 9pm and 5am on Wednesday 3 April and Thursday 4 April, 2019**, weather permitting. If work is delayed it will be done on the next available night shift.

A map of the work area is provided.

### How will the work affect you?

You will experience some noise and we will make every effort to minimise impacts by:

- > using non-tonal reversing beepers on all machinery
- > turning off equipment and vehicles when not in use
- > using lighting towers only when necessary
- > directing noise generating equipment away from residential properties where possible.

### Traffic management

Traffic management and signage is in place for the safety of motorists, residents and workers. Please allow extra travel time and visit [livetraffic.com](http://livetraffic.com), download Live Travel App or call the Transport Management Centre 132 701 for the latest information.

### Plant and equipment

The project team will use heavy and light vehicles, lighting towers, elevated work platforms, crane, power and hand tools.

Thank you for your patience during this important work.
