Dear Resident

Update on night work: Hills M2 Motorway eastbound off-ramp to Pennant Hills Road, West Pennant Hills

Further to the notifications issued in the first half of 2016, regarding night work on the Hills M2 Motorway eastbound off-ramp to Pennant Hills Road and the main carriageway of the Hills M2 Motorway between Oakes Road and Pennant Hills Road, night work will continue from **5 October 2016 for approximately six weeks**.

To minimise impacts, this work needs to be carried out at night due to the close proximity and high volume of traffic on the Hills M2 Motorway. Work will be carried out from 5 October 2016 between **9pm and 5am Sunday to Thursday**.

What are we doing?

NorthConnex is a nine kilometre tunnel that will link the M1 Pacific Motorway at Wahroonga to the Hills M2 Motorway at West Pennant Hills, removing around 5,000 trucks off Pennant Hills Road each day.

Lendlease Bouygues Joint Venture has been awarded the contract to design and deliver the work.

As part of this work, changes will be made to the eastbound off-ramp at Pennant Hills Road. This is required so that a new northbound entry to the NorthConnex tunnel and a cycleway structure can be constructed.

Work activities

Construction activities will take approximately six weeks and will include:

- Installation of temporary barriers to provide a safe working area
- Installation of temporary noise walls and the removal of existing noise walls.

Plant and equipment

Plant and equipment to be used for this work includes:

- Trucks
- Knuckle boom lift
- Power tools
- Hand tools
- Core drill
- Lighting tower
- Cranes (various sizes)
- Road sweeper.

Workers and associated vehicles will access the Southern Compound between **7pm and 7am** to store work equipment and for deliveries.

Return 
local streets to local communities

Up to 
5,000 trucks per day
off Pennant Hills Road

Up to 
15 mins **travel time saving**

MAKING IT HAPPEN

transurban

Traffic management will be in place to ensure the safety of motorists, residents and workers. Variable message signs will be in place to advise of the changes to traffic conditions.

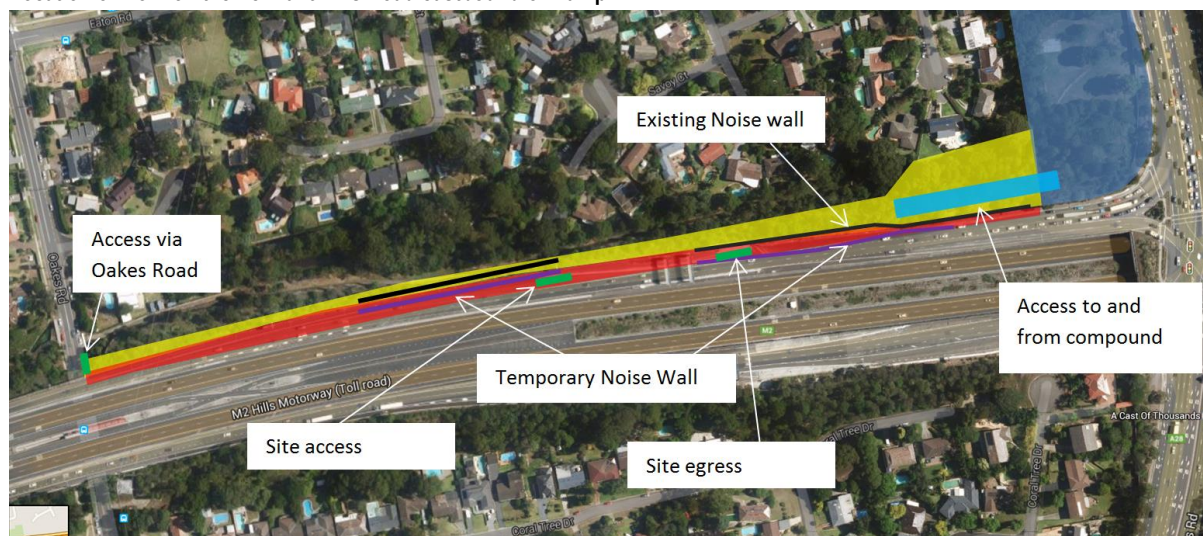

You are likely to experience increased noise during some of these activities and we will make every effort to minimise impacts by:

- Notifying residents and businesses before work starts near their property
- Using non-tonal reversing beepers on all machinery
- Turning off equipment and vehicles when not in use
- Scheduling noisy work to take place no more than two nights in a row and limiting noisy work to no more than three nights in one week at the same location
- Coordinating respite for residents most affected by the noise
- Where possible directing noise generating equipment and lighting away from residential properties.

We thank you for your patience, and if you have any questions or complaints, please don't hesitate to call us on **1800 997 057**, email enquiries@northconnex.com.au or visit the NorthConnex Community Information Centre at 118 Yarrara Road, Pennant Hills, open weekdays from 9am to 5pm.

Yours sincerely
NorthConnex Project Team
