Night work update: Hills M2 Motorway

Dear resident,

NorthConnex will continue to carry out night work at a number of locations across a 4.8 kilometre stretch of the Hills M2 Motorway between Pennant Hills Road and Windsor Road, to prepare for the opening of the dedicated bus lane. For the safety of workers and to minimise delays for motorists, this work will be carried out at night. A map of the work area is included in this notification

Activities leading to the opening will include pavement and concrete works, line marking and realignment of safety barriers. Eastbound and westbound night time lane closures will be in place between:

- **8pm to 5am on Friday 12 January**
- **8pm to 8am on Saturday 13 January**
- **8pm to 5am on Sunday 14 January 2018.**

Temporary closure of the Barclay Road Bus Interchange

For the safety of workers, motorists and bus customers, during the lane closures above the bus stop will be closed. A free shuttle bus will connect customers from the Barclay Road Interchange car park to the Oakes Road bus stop. Signage will be in place to guide customers.

If the work is unable to be completed on this date it will be rescheduled to the next available night shift, which may be the following weekend.

Ongoing construction activities around the Hills M2 Motorway

A full list of ongoing construction activities are listed in the enclosed table. To ensure the safety of motorists and workers this work will generally be carried out at night between 8pm and 5am Sunday to Thursday. Some work will be carried out between 7pm and 9am on Friday and Saturday nights as required.

Plant and equipment includes cranes (various sizes), light vehicles, lighting towers, rattle guns, generators, knuckle boom lift, trucks, rollers, concrete trucks, pumps and vibrators, sucker truck, excavators with attachments, asphalt pavers, line markers, bobcat, core drill, street sweeper, water carts, concrete saws, piling rigs, profilers, jack hammers, hammer drill, grinders, power tools and hand tools.

You may experience some noise during this work and we will make every effort to minimise impact by:

- consulting with directly affected residents

Australian Government

BUILDING OUR FUTURE

Transurban

- not working more than three nights a week and no more than two nights consecutively for noisy work
- using non-tonal reversing beepers on all machinery
- turning off equipment and vehicles when not in use
- using solar-powered lighting towers.

Traffic changes, traffic controllers and pedestrian management will be in place to ensure the safety of motorists, residents and workers.

Please allow extra travel time and visit livetraffic.com, download Live Traffic App or call the Transport Management Centre 132 701 for the latest information.

If you have any questions or complaints, please don't hesitate to contact us on 1800 997 057 (24 hours), enquiries@northconnex.com.au or visit the NorthConnex Community Information Centre at 118 Yarrara Road, Pennant Hills, open Monday to Wednesday, from 9am to 1pm.

Yours sincerely

NorthConnex Project Team

Compound site	Construction activities	Timing
Hills M2 Motorway eastbound off ramp at Pennant Hills Road	<ul style="list-style-type: none"> • removing vegetation (west of Oakes Road) • demolition and installation of temporary barriers to provide a safe working area • installation of temporary and permanent noise walls and the removal of existing noise walls • earthwork, excavation, barrier and retaining wall construction and soil nails (ground supports) installation • services installation including drainage and electrical • decommissioning and removal of existing toll gantry and commissioning of new gantry • concreting, pavement work, sign installation, line marking and deliveries. 	Ongoing until 2019
Hills M2 Motorway westbound on ramp at Pennant Hills Road	<ul style="list-style-type: none"> • removing vegetation and site investigations • installing and modifying existing services, street lights and reconstructing the on-ramp • soil nails (ground supports) installation • installation of temporary and permanent noise walls and the removal of existing noise walls • commissioning a new toll gantry • excavation and demolition • prefabricated steel and concrete installation • line marking and modifications to traffic barriers • construction of barriers and retaining walls • pavement and drainage works • deliveries (including infrequent deliveries to the Oakes Road compound). 	Ongoing until 2019
Hills M2 Motorway between Pennant Hills Road and Windsor Road	<ul style="list-style-type: none"> • installing and removing safety barriers and temporary noise barriers on the shoulder of the motorway • installation and painting of permanent noise walls • installing electrical services • installing temporary street lights, signs, safety screens and drainage • relocation of permanent road signs • excavation, concreting, asphaltting and line marking • installing, removing and modifying access gates • landscaping work • bridge extension work at Darling Mills and Yale Close • removing excess material • maintenance work, repairs and deliveries. 	Ongoing until February 2018
Barclay Road Bridge lengthening	<ul style="list-style-type: none"> • Reinstating the Barclay Road commuter car park • modifying services • demolition and excavation work • extending the bridge deck • Installation of street lights, street signs and line marking • concreting and asphaltting, including kerb installation • demolition of the pedestrian island and installation of the traffic island • Maintenance work, repairs and deliveries 	Ongoing until February 2018
