Ref: N0118

Night work: M1 Pacific Motorway southbound, Wahroonga

Dear Resident

Further to the December 2016 notification, night work to install signage and barriers at the entrance and exit to the NorthConnex Northern Compound will continue on the M1 Pacific Motorway between the Pacific Highway and Pennant Hills Road, Wahroonga.

Night work will be carried out between 9pm and 5am, Sunday to Friday for up to three nights per week. There will be no work on Saturday nights.

This work will recommence Monday 23 January and is expected to be completed by Friday 3 February 2017, weather permitting, and involves the use of solar light towers, a rotary hammer drill and hand tools.

Following this work, the project team will continue building the new two lane southbound road bridge to take traffic from the M1 Pacific Motorway to Pennant Hills Road.

You will experience some noise during some of these activities and we will make every effort to minimise impacts by:

- > Turning off machinery when not in use
- > Using non-tonal reversing beepers on all machinery
- > Not working more than three nights a week and no more than two nights consecutively for noisy works
- > Carrying out non noisy works on other nights of the week
- > Consulting with directly affected residents.

Traffic management

Traffic management and signage will be in place to ensure the safety of motorists, residents and workers. There will be intermittent closures of the M1 southbound lanes between 9.00pm and 5am Sunday to Friday. Access for motorists will be maintained at all times.

Please allow extra travel time and visit www.livetraffic.com, download Live Travel App or call the Transport Management Centre 132 701 for the latest information.

We thank you for your patience, and if you have any questions or complaints, please don't hesitate to call us on 1800 997 057, email enquiries@northconnex.com.au or visit the NorthConnex Community Information Centre at 118 Yarrara Road, Pennant Hills, open weekdays from 9am to 5pm.

Yours sincerely

NorthConnex Project Team
