Night work update: Hills M2 Motorway and westbound on ramp at Pennant Hills Road

Dear resident,

NorthConnex will continue to carry out night work at a number of locations across a 4.8 kilometre stretch of the Hills M2 Motorway between Pennant Hills Road and Windsor Road from Sunday 30 April 2017. A map of the work area is included.

Closure of the westbound on ramp from Pennant Hills Road to Hills M2 Motorway

To carry out work on the westbound on ramp to the Hills M2 Motorway and build the southbound exit from the NorthConnex tunnel, the westbound on ramp will be closed from 9pm to 5am on Wednesday 3 and Thursday 4 May 2017, weather permitting.

This work will include installing crash cushions and signage, modifying line marking and installing drainage pipes, and to minimise delays for motorists and ensure the safety of workers, will be carried out at night. If the work is unable to take place on this date it will be rescheduled to the next available night shift. During this work the on ramp will be closed to all traffic.

There will be two alternative detour routes for motorists. Motorists on the northern side of the Hills M2 Motorway are encouraged to use the detour route via Castle Hill Road, Old Northern Road, Cecil Avenue, Old Northern Road and Windsor Road. Motorists on the southern side of the Hills M2 Motorway are encouraged to use a detour route via the Cumberland Highway, James Ruse Drive and Windsor Road. A map of the detour routes is included.

Roads and Maritime Services has approved all roads identified in the detours for B Doubles (heavy vehicles).

If traffic volumes are low, the ramp may be closed before 9pm. Motorists are advised to follow the electronic messaging boards for the latest information.

Lane closures on the Hills M2 Motorway between Oakes and Barclay Roads

Work to install retaining walls will take place on the Hills M2 Motorway between Oakes Road and Barclay Road from 7pm to 9am on Friday 5 and Saturday 6 May 2017, and from 8pm to 5am on Sunday 7 May 2017, weather permitting.
Due to the high traffic volumes on the Hills M2 Motorway and to ensure the safety of workers and motorists the work will take place at night. If the work is unable to take place as scheduled, it will be carried out on the following weekend from **7pm to 9am on Friday 12 May, 7pm and 6am on Saturday 13 May and 8pm to 5am on Sunday 14 May 2017**, or the next available weekend.

A full list of ongoing construction activities are listed in the enclosed table. Work listed in the table will generally be carried out at night between 8pm and 5am Sunday to Thursday to ensure the safety of motorists and workers.

Plant and equipment for this work includes cranes (various sizes), light vehicles, lighting towers, rattle guns, generators, knuckle boom lift, trucks, rollers, concrete trucks and vibrators, excavators with attachments, core drill, street sweeper, water carts, concrete saws, piling rigs, jack hammers, grinders, power tools and hand tools.

You will experience noise during some of these activities and we will make every effort to minimise impact by:

- consulting with directly affected residents
- not working more than three nights a week and no more than two nights consecutively for noisy work
- using non-tonal reversing beepers on all machinery
- turning off equipment and vehicles when not in use
- using solar-powered lighting towers.

Traffic changes, traffic controllers and pedestrian management will be in place to ensure the safety of motorists, residents and workers.

Please allow extra travel time and visit livetraffic.com, download Live Traffic App or call the Transport Management Centre 132 701 for the latest information. Access will be maintained for motorists at all times.

If you have any questions or complaints, please don’t hesitate to contact us on 1800 997 057 (24 hours), enquiries@northconnex.com.au, or visit the NorthConnex Community Information Centre at 118 Yarrara Road, Pennant Hills, open Monday to Wednesday, from 9am to 1pm.

Yours sincerely

NorthConnex Project Team
## NorthConnex construction activities around the Hills M2 Motorway

<table>
<thead>
